

Finfish Broodstock

38% Protein, 10% Fat

Zeigler Finfish Broodstock is a “top shelf” marine protein-based diet formulated to feed a variety of omnivorous and piscivorous aquatic broodstock animals. Zeigler Finfish Broodstock is formulated to maximize gonadal development and contains vitamin and carotenoid pigment supplements required for viable egg and sperm development.

Pellet Sizes: 6.5 mm

Pellet Type: Slow-Sinking

Packaging: bags, super sacks and bulk

Contact a Zeigler representative for specific pellet sizes and packaging information.

Features & Benefits

- Finfish Broodstock is formulated to maximize gonadal development.
- Supplemented with carotenoid pigments to enhance reproductive performance.
- Ingredient selection based on true finfish digestibility testing.
- Balanced amino acid profile.
- Phosphorus levels below 1.3%.
- Increased levels of vitamins C & E.
- Meets FDA requirements regarding restrictions on mammalian protein sources.

Product Application & Storage

- Zeigler Finfish Broodstock should only be fed to mature broodstock.
- Feed should be offered as consumed. Overfeeding will lead to reduced water quality and reduced profits.
- Best if used within six (6) months from date of manufacture (when stored properly).
- Store in a cool, dry area, away from direct sunlight. Rotate stock to use oldest first (first in, first out principle).
