

Finfish Marine Grower

50% Protein, 15% Fat

Zeigler Marine Grower is suitable for a number of emerging marine species and is formulated with marine ingredient sources for high palatability and increased digestibility. The marine ingredients serve to provide both a balanced amino acid profile and adequate essential fatty acids for species with relatively unknown nutrient requirements.

Pellet Sizes: 3.0 mm and larger

Pellet Type: Slow-sinking

Packaging: bags, super sacks and bulk

Contact a Zeigler representative for specific pellet sizes and packaging information.

Features & Benefits

- Emphasis on marine ingredients for increased palatability.
- Suitable for open ocean culture systems where a sinking pellet is desired.
- Highly digestible marine ingredients promote rapid growth.
- High vitamin levels for stressful culture conditions.
- Phosphorus levels below 1.3%.
- Meets FDA requirements regarding restrictions on mammalian protein sources.

Product Application & Storage

- Feed should be offered as consumed. Overfeeding will lead to reduced water quality and reduced profits.
- Best if used within six (6) months from date of manufacture (when stored properly).
- Store in a cool, dry area, away from direct sunlight. Rotate stock to use oldest first (first in, first out principle).

Guaranteed Analysis

Crude Protein	Minimum	50%
Crude Fat	Minimum	15%
Crude Fiber	Maximum	1%
Moisture	Maximum	12%
Ash	Maximum	10%
