

Product Description

Zeigler *L. vannamei* shrimp grower is especially formulated to meet the nutritional requirements of the species. Zeigler high-quality shrimp grower for all culture systems, is an amino acid balanced feed fortified with complete vitamin and mineral packs including Stay-C, a heat-stable vitamin C. Zeigler shrimp grower is recognized throughout the Western Hemisphere for its consistent feed quality that delivers good survival and growth in your ponds. We manufacture to our exacting, ISO Quality Certified Standards, to give excellent water stability and minimal fines. Zeigler feeds provide a highly digestible marine product that is environmentally friendly and has excellent attractability to ensure the harvest of highly marketable shrimp. Choose a Series and Protein level best suited to your special pond culture needs.

Guaranteed Analysis

	Protein Min.	Fat Min.	Fiber Max.	Ash Max.	Moisture Max.
<i>I Series (Intensive)</i>	40,35,30, 25	9	4	15	12
<i>SI Series (Semi-Intensive)</i>	45,40,35,30,25	7	4	15	12
<i>E Series (Extensive)</i>	30,25,20	5	4	15	12

Pellet Size & Packaging

- ✓ 3/32" (2.4mm)
- ✓ 1/8" (3.2mm)
- ✓ Net Weight 55 lb (25 kg)
Poly-woven Bags

Storage

Store feed in a cool, dry, well ventilated area. Rotate stock to use old feed first - "first in, first out" principle. Keep bags stacked on pallets to prevent feed from being in direct contact with damp floors.

Product Features

Environmentally Friendly	A shrimp diet with high digestibility and reduced phosphorus and waste, yielding low FCR
Ingredient Selections	Ingredients have been selected for their preferred quality, keen attractants, and proven digestibility
Specific Diets for <i>L. vannamei</i>	Improved FCR and improved growth
Cost Effective	Improved FCR, higher survival, and better growth with the most economical choice from our feed matrix, which provides the pond manager with choices and to benefit from natural pond production
Manufacturing Process	Less heat maintains the integrity of heat sensitive ingredients which ensures good pellet quality & sinkability
ISO Certified	Consistent, high-quality product and service
On-going R&D Program	Ensures that the customer benefits from the most up-to-date findings and improvements to the feed
High Water Stability	Keep feed available for animal consumption (feeding)

Ingredients

Marine proteins, plant proteins, yeast by-products, vitamin and mineral supplements, Stay-C (a heat and water stable vitamin C), attractants, preservatives, and stabilizers.
