

Algae Disc

Product Description

Zeigler Algae Discs is a complete and well balanced, sinking diet for aquatic herbivores such as Plecos and Algae-Eaters. The highly digestible ingredients come from an array of plant sources plus several marine products to increase palatability, digestibility and coloration. Wheat Germ, high levels of stable Vitamin C, and Brewers Yeast are included to promote healthy gill, fin and tissue development. Plus this diet has been formulated to reduce waste and increase water clarity.

Features & Benefits

- ✓ Increased water clarity and reduced waste
- ✓ Stable and bioavailable vitamins and minerals
- ✓ Sustainable ingredient sources from food industries and fisheries

Product Application

Zeigler Algae Discs can be fed solely 2-3 times daily, without supplementation, to healthy animals. Feed an amount that can be consumed by the intended animals in 10-15 minutes.

Product Specifications

Particle Size:	Disc
Packaging:	33 lb bag
Storage:	Store in a cool, dry place away from direct sunlight while using the first in, first out practice.
Shelf Life:	Maintains nutritive value up to 1 year if properly stored and handled.

Guaranteed Analysis

Crude Protein	Minimum	30.0%
Crude Fat	Minimum	7.5%
Crude Fiber	Maximum	4.0%
Moisture	Maximum	10.0%
