

Prime Tropical Flake

Complete Premium Diet for Tropical Fish

Product Description

Zeigler® Prime Tropical Flake is a complete premium formulation of specially selected ingredients for the enhancement of your fish's health, growth, color and general well being. Prime Tropical Flake is a nutritionally balanced diet for all tropical, freshwater and marine fish as well as larval stage. This premier diet has been formulated with emphasis on top quality ingredients with increased levels of Stable Vitamin C along with Immunostimulant and brewers yeast included to promote healthy gill, fin and tissue development. Available in red, yellow, green and mixed flakes.

Features & Benefits

- ✓ Complete all-purpose diet for tropical fish
- ✓ Contains spirulina, krill and shrimp meal to enhance vibrant coloration
- ✓ Fortified with natural immune enhancers to promote tissue maintenance and development
- ✓ Contains highly digestible marine proteins to reduce excreted waste

Product Application

Feed as the sole diet 3-4 times daily. No supplementation is necessary for healthy fish.
Feed ad libitum - as much as the fish will consume in three (3) minutes of feeding.
