

# Specialty Flake Foods

*Premium All-Purpose Diet for Freshwater and Marine Fish*

## Product Description

Zeigler® Specialty Flakes are nutritionally balanced all-purpose diets for all types of omnivorous Freshwater and Marine Fish species who feed on invertebrates in the wild. These diets utilize highly digestible marine proteins to increase both palatability and digestibility, while minimizing excreted waste. Increased levels of stable Vitamin C and brewers yeast are included in these diets to promote healthy gill, fin and tissue development.

**Earthworm Flake** contains dried earthworms which have been known to increase growth and breeding in tropical fish.

**Plankton/Krill/Spirulina Flake** contains a blend of Plankton, Krill, and Spirulina which are known to enhance natural coloration in tropical fish

**Angelfish Flake** is formulated for freshwater angelfish and contains a balanced blend of nutrients rich in protein, minerals and vitamins.

**Beefheart Flake** contains beef hearts that have been shown to improve coloration and improve reproduction.

**Egg Yolk Flake** contains dried egg yolk and is perfect for conditioning larval, juvenile, and thin fish. Also ideal for improving egg production in breeding fish.

**Brine Shrimp Flake** contains high quality brine shrimp that provides optimum growth and health; ideal for picky feeders.

NOTE: Additional Flake Products available include: Tropical, Spirulina, Marine and Goldfish.

## Features & Benefits

- ✓ Ideal for Broodstock Fish to increase egg production and improve fry production
- ✓ Great supplemental diets for fish who feed on invertebrates in the wild
- ✓ Perfect for freshly acquired or stressed fish that may need higher nutrient values
- ✓ Contains natural ingredients that improve color in fish such as shrimp meal, spirulina algae, brine shrimp and krill meal
- ✓ Fortified with natural immune enhancers to promote healthy tissue maintenance and development
- ✓ ISO 9001:2008 Certified Quality System

## Product Application

Fish can be fed 3 - 4 times daily. Feed ad libitum - as much as the fish will consume in three (3) minutes of feeding.

## Product Specifications

Particle Size: Flake  
Packaging: Bulk 5 lb, 25 lb and 50 lb boxes  
Storage: Store in cool, dry place away from sunlight. Maintains nutritive value and shelf life up to one (1) year if properly stored and handled. Frozen storage extends shelf life beyond one (1) year.
