

Zeigler® Gamebird Diets

Product Description

Zeigler® Gamebird diets are formulated as a completely balanced diet for starting, growing, breeding, and non-breeding Gamebird such as Quails, ducks, pheasants, etc. The diet supplies all needed nutrients identified by avian nutritionists. In addition, the formula is standardized to contain fixed quantities of the highest quality raw ingredients.

Feeding Suggestions

Gamebird diets should be fed free choice as the total diet; no supplementation is required for normal healthy birds. Feeds containing either Furazolidone or Amprolium are available for prevention and control of coccidiosis. Starter diet is offered from day-old to four (4) weeks and grower diet is given from four (4) weeks to eighteen (18) weeks of age. Breeder diet is offered during breeding season along with oyster shell and grit. Maintenance is given for all non-breeding adult birds. Fresh water should be available at all times.

Guaranteed Analysis

		Gamebird Starter (74510000)	Gamebird Grower (74530000)	Gamebird Maintenance (74540000)	Gamebird Breeder (74550000)
Crude Protein	Minimum	30.0%	24.0%	12.0%	18.0%
Crude Fat	Minimum	3.0%	3.0%	4.0%	4.0%
Crude Fiber	Maximum	5.0%	6.0%	14.0%	6.0%

Size

Crumbles for starting chicks and 1/8" diameter pellets for others.

Package

50 lb., 3-ply paper bags

Ingredients

Ground Corn, Soybean Meal, Ground Oats, Wheat Middlings, Fish Meal, Limestone, Meat & Bone Meal, Alfalfa Meal Dehydrated, Ground Oats, Brewers Yeast, Maize Distillers Grain Dehydrated, Soy Lecithin, Whey Product, Salt, Dicalcium Phosphate, Calcium Propionate, dl-Methionine, Choline Chloride, Manganese Sulfate, Zinc Sulfate, Ferrous Sulfate, Inositol, dl-Alpha Tocopheryl Acetate (Source of Vitamin E), Niacin, Biotin, p-Aminobenzoic Acid, Copper Sulfate, Vitamin A Acetate, Sodium Molybdate, Thiamine Mononitrate, Pyridoxine Hydrochloride, Menadione Dimethylpyridinol Bisulphite (Vitamin K Activity), Vitamin B12 Supplement, D-Activated Animal Sterol (Source of Vitamin D3), Folic Acid, Cobalt Carbonate, Sodium Selenite and Ethoxyquin (as a preservative).
