

Zeigler® Sinking Duck Breeder

Product Description

Zeigler® Sinking Duck Breeder diet is formulated with high quality raw ingredients as a completely balanced diet for feeding birds such as waterfowl, ducks and other species during the breeding season. Ducks and waterfowl are currently fed in feeders near ponds. This exposes the feed to waste due to rodents, insects, birds, rain, etc. These sinking type diets are designed to reduce wastage of the feed and provide several hours of stability.

Feeding Suggestions

Duck Breeder diet should be fed free choice as the total diet. The feed is placed in a pot and immersed in water one or two feet from the edge of the pond. No supplementation is required for normal healthy birds. As a guide, most birds will consume the equivalent of one-fifth of their body weight per day. However, feeding requirements will vary depending on species, environment, level of activity and stress factors.

Guaranteed Analysis

Crude Protein	Minimum	18.0%	Crude Fat	Minimum	3.0%
Crude Fiber	Maximum	4.0%	Ash	Maximum	7.0%

Size

5/32" diameter, 1/4" long

Package

50 lb., 3-ply paper bags

Ingredients

Ground Corn, Dehulled Soybean Meal, Ground Wheat, Sorghum Flour Gelatinized, Fish Meal, Limestone, Dehydrated Alfalfa Meal, Dried Whey, Dicalcium Phosphate, Soy Oil, Salt, Choline Chloride, dl-Methionine, dl-Alpha Tocopheryl Acetate (Source of Vitamin E Supplement), Wheat Middlings, Niacin, Calcium Pantothenate, Biotin, Vitamin A Acetate, Riboflavin Supplement, Pyridoxine Hydrochloride, Vitamin B12 Supplement, Menadione Dimethylpyrimidinol Bisulfite (Source of Vitamin K Activity), D-Activated Animal Sterol (Source of Vitamin D3), Folic Acid, Thiamine Mononitrate, Ferrous Sulfate, Manganese Oxide, Zinc Oxide, Copper Sulfate, Potassium Iodide, Sodium Selenite.
