

Zeigler® Soft-billed Bird

Product Description

Zeigler® Soft-billed bird diet is designed as a complete diet for use in feeding insect eating soft-billed birds such as Tanagers, Pekin Robins, Cardinals, etc. It has a semi-moist texture. It supplies all needed nutrients as identified by leading avian nutritionists. The formula is standardized to contain fixed quantities of the highest quality raw ingredients.

Feeding Suggestions

Soft-billed bird diet should be fed free choice as the total diet; no supplementation is required for normal health birds. Most birds will consume the equivalent of one-fifth of their body weight per day. However, feed requirements will vary depending on species, environment, level of activity and stress factors. Fresh water should be available at all times.

Guaranteed Analysis

Crude Protein	Minimum	30.0%	Crude Fat	Minimum	12.0%
Crude Fiber	Maximum	4.0%	Ash	Maximum	8.0%

Size

5/32" Diameter (4 mm), 1/4" - 1/2" long

Package

50 lb., 3-ply paper bags
